

THE
ROBERTSON
OPUS

A Masterpiece in a Sanctuary
A Legacy for Life

A 999-Year Luxury Home in the Heart of District 9 Robertson Quay

To paint a masterpiece, we perfect our first stroke
To possess flair, we first cultivate discipline

To see far, we look deep
To know that life is the journey, and the destination

To craft a legacy, we lay the foundation
To broaden our view, we stay rooted

To have all of life, all around us
To live now, and tomorrow

This is how we create our life's legacy

A minimalist watercolor illustration of a river with a small boat. The river is depicted with soft, flowing brushstrokes in shades of grey and white, creating a sense of movement and tranquility. A small, dark boat with a single mast is positioned in the center of the river, adding a focal point to the composition. The background is a solid light beige color, which complements the soft tones of the watercolor.

A Timeless Legacy

Begins with a Masterpiece

A legacy home for generations, The Robertson Opus is a 999-year mixed-use development in the heart of prestigious District 9 Robertson Quay. Nestled in tranquillity between Fort Canning Hill and the Singapore River, it is a sanctuary in the city, promising respite and unparalleled privacy. Beyond the home, a riverside lifestyle awaits — where culture, elegance, and the river's rhythm craft a timeless, living masterpiece.

Crafted for Generations, Created for Today

Legacy is how we live today — in the choices we make, the values we uphold, and the relationships we nurture. In a world of constant change, legacy is built day by day on enduring principles, in a place where life finds depth, meaning takes root, and memories are made to last. Here, in your sanctuary, where what matters most to you takes centre stage, each day adds to a life well-lived.

Your Gateway to Singapore's Finest

Mere minutes from Fort Canning, Orchard Road, Marina Bay Sands, Gardens by the Bay, and the CBD, The Robertson Opus places you within easy reach of Singapore's most prominent landmarks.

A Masterpiece

in a Sanctuary

At The Robertson Opus, every step through the development is shaped by thoughtful design. From the moment you arrive, a central courtyard brings together dining, retail, and nature in a lively, social setting. Above, exclusive residences offer a private sanctuary of pools and gardens designed for quiet retreat. This spatial opus is more than a home — it is a masterfully tuned environment that fosters mindful living, a sense of community, and true respite in the heart of the city.

A Grand Welcome Home

At the Arrival Plaza, a colonnade framed by layers of greenery and nature-inspired details sets a tone of anticipation, welcoming you to a grand promenade that seamlessly links the city, river and beyond.

THE ROBERTSON
OPUS

Tranquillity in Harmony with the Vibrant Urban Pulse

At The Robertson Opus, private sanctuaries and public spaces harmonise, woven together by verdant landscapes. Above the retail and dining promenade, an elevated garden and pool deck cascade into living green walls, forming a lush veil that conceals the tranquil world above.

Artist's Impression

A Vertical Eden, A Sensory Haven

At the heart of The Robertson Opus lies the Oasis Court — a lush, central courtyard enveloped in cascading foliage. Towering native trees, leafy green walls, and a delicate water-curtain wall create an immersive, everlasting sanctuary that soothes and delights the senses.

Artist's Impression

Retreat in Serenity Above the City

Above the courtyard, a verdant elevated retreat unfolds on the second level, featuring beautifully cantilevered pools. Within this sanctuary, graceful gardens cultivate green pockets for quiet contemplation. The pool deck frames the pools, offering a serene respite in nature's embrace.

To Live Well is to Connect Deeply

Discover intimate spaces designed for meaningful moments at The Robertson Opus. Share stories over cocktails at Opus Bar & Dining, drift into thought at the Reading Room, or linger in conversation at the Poolside Lounge. From quiet mornings to lively evenings, every corner invites deeper connection — to yourself, to others, to a life well-lived.

Artist's Impression

The image depicts a sophisticated, modern interior space, likely a lounge or living area, designed for relaxation and wellness. The room features a curved, light-colored sofa with dark cushions and a matching round coffee table. The walls are clad in light wood, and the ceiling is also wood-paneled. A large window on the right side of the room offers a view of an outdoor pool area with lounge chairs and a garden. The overall atmosphere is calm and luxurious.

Your Private Escape into Wellness and Relaxation

Steps from the pool deck, a suite of restorative amenities awaits, with meticulously landscaped gardens and pool decks setting a calming tone. The grand private clubhouse, gym, steam rooms, and function rooms come together to rejuvenate mind and body — gently echoing the flow of the Singapore River in this intimate wellness haven.

Artist's Impression

Here, Life Springs Eternal

Beside the reflective pond of the Sanctuary Oasis, the Gourmet Pavilion offers a cosy venue to host friends and family. Surrounding garden terraces reveal quiet green nooks, offering moments of discovery, calm, and renewal.

Where Little Life Adventures Begin

Cradled within a garden sanctuary, the Robertson Kids' Club offers a safe and engaging environment surrounded by nature and shielded from the city's bustle. A forest within a forest, its imaginative design invites children to play and bond, while the Children's Sensory Garden nurtures curiosity through discovery among the trees and plants. Here, childhood memories take root amidst green serenity.

A Green Canopy in the Sky

Atop The Robertson Opus, four cantilevered rooftop terraces are linked by elevated Skywalk bridges and lookout decks that offer breathtaking views of the river and city. Native plantings support urban biodiversity, while the layered tree canopy provides natural cooling and shaded retreats.

Artist's Impression

Above All, A Home in Nature

Expansive open lawns invite sunrise yoga, and elegantly landscaped pavilions and green enclaves provide areas for meditation, intimate conversation or even hands-on gardening. Beneath endless sky vistas, this sanctuary of wellness and community is truly a home in nature.

All of Life

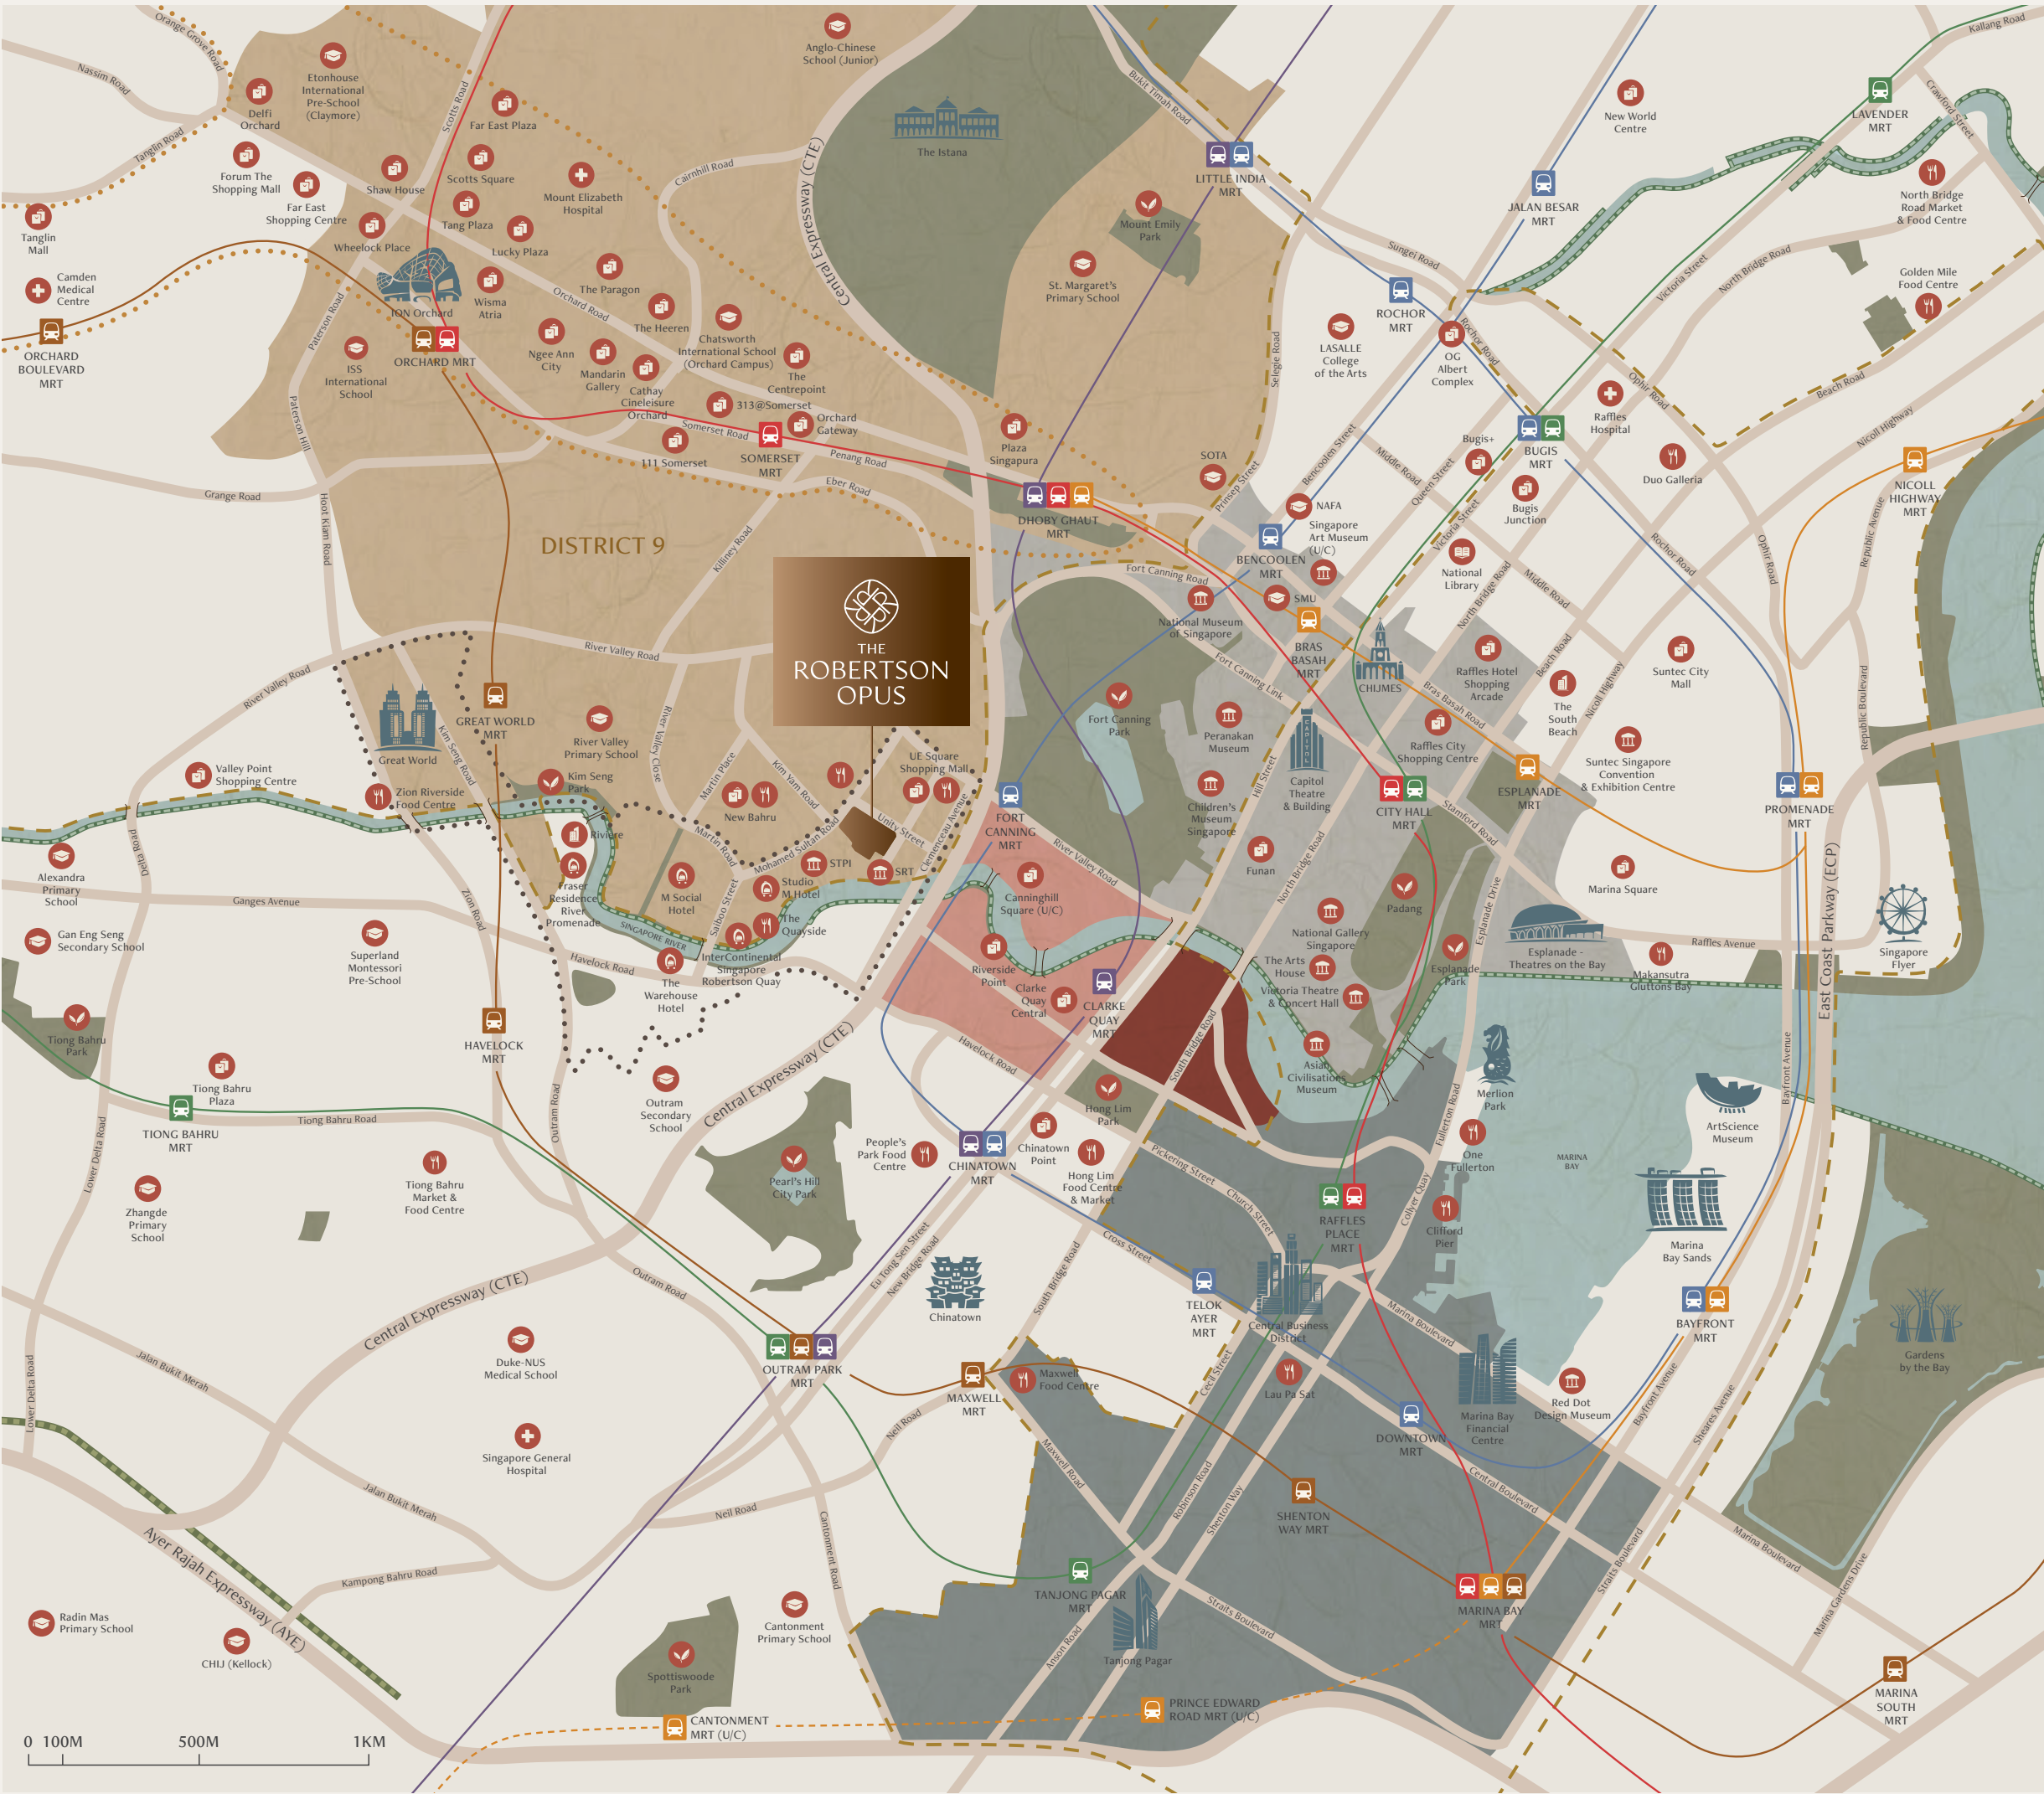

All Around You

At Robertson Quay, timeless charm meets urban sophistication. Set within this vibrant riverside enclave, The Robertson Opus places you at the heart of a cosmopolitan world of dining, culture, and nightlife — where the city's finest surrounds you, and nature weaves seamlessly into your daily life. Step from tranquil greenery into a world-class lifestyle defined by elegance, energy, and ease.

A Quay Like No Other

Nestled along the Singapore River, Robertson Quay is Singapore's most desirable residential quay — a rare blend of refined dining, cultural richness, and serene green living along lush promenades. Just minutes from the CBD and Orchard Road, and a stroll away from a 6-km stretch of park connectors, The Robertson Opus is the quintessential address for sophisticated riverside living.

A Legacy

for Life

From the tranquil waters of the pool above, to the cascading greenery of the courtyard, and upward to the lofty canopy of the rooftop terraces, every element is thoughtfully orchestrated in harmony and grace. More than a home, The Robertson Opus is a living legacy — designed to endure through time, enrich lives across generations, and flourish as a place where futures take root.

Legacy Collection

3 BEDROOM PREMIUM
& 4 BEDROOM PREMIUM

Perfect for families, the Legacy Collection's 3 Bedroom Premium and 4 Bedroom Premium homes embody quiet luxury. Ernestomeda kitchens, V-ZUG appliances, and Rimadesio sliding doors anchor each suite in refined European craft, while marble-finish surfaces, tinted glass carpentry, and engineered wood floors add warmth and depth to a light, airy palette. Spacious balconies accentuate the sense of openness, creating a tranquil sanctuary where beauty, heritage, and legacy converge — a masterpiece to be cherished and passed down through generations.

Smart Home System

Experience effortless comfort and peace of mind with a fully connected home. From remote doorbell alerts and digital lock access to climate control, smoke detection, and real-time energy insights, every feature is designed for seamless living — welcome to the future of intuitive, secure home management.

Wi-Fi Doorbell

Get notified the instant someone arrives at your door, and view and speak with visitors securely.

Digital Lockset

Enjoy the convenience of remotely locking and unlocking your door via PIN, biometrics, key, or access tag.

Energy Monitoring

Track your household energy usage in real time to support sustainable habits.

Air Conditioning

Activate your air conditioning remotely so your home is cool and comfortable the moment you walk in.

Smoke Detector

Receive instant alerts in the event of smoke, giving you time to investigate or call for help when no one is home.

For Illustration Purposes Only

Smart Community App

Elevate your residential lifestyle with a unified mobile platform. Pre-register guests, manage visitor access, book shared facilities, and open your letterbox — all with the Smart Community App. It's the ultimate companion for modern community living, where convenience meets connectivity.

Smart Invite

Pre-register guests and generate a QR code to grant them easy access to the development.

Smart Audio Video Intercom System

Receive visitor notifications on your mobile device and grant entry remotely.

Smart Booking

Check availability and reserve facilities and spaces directly through the mobile app.

Keyless Letterbox

Retrieve your letters via access card — no more fumbling for keys.

Building Sustainably, For Generations Ahead

The Robertson Opus is a collaboration between partners who share a common goal: to take a long-term, purpose-driven approach to sustainability — and to design places that are better for people, the community, and the environment.

At The Robertson Opus, this vision comes to life through energy-efficient systems, environmentally conscious materials, and thoughtful design that reduces carbon emissions while introducing more greenery than ever before. Native tree species and plants that attract birds and butterflies are carefully integrated into the landscape, creating a lush, nature-positive environment within the city. With a strong focus on comfort, wellbeing, and resilience, The Robertson Opus is built not just for today — but for generations to come.

Living in Harmony with Nature

- Over 3,800 sqm of greenery across the development, including a 240m-long continuous walk through the Sky Forest that links rooftops via sky bridges
- Over 200 new trees and more than 2,000 new shrubs to be planted, including over 40 species of native and regional plants
- Immersive greenery that provides natural shade and cools the environment
- Gardens that create habitats, support biodiversity, and attract wildlife such as butterflies and birds
- Layered vertical planting and cascading vertical gardens to reduce Urban Heat Island (UHI) effect

Intelligent by Nature

- Smart energy metering in units and common areas
- Energy-efficient air-conditioning and dryers
- Solar panels help power shared facilities and reduce energy use
- Motion and demand sensors for lighting and ventilation in community spaces
- EV charging stations and bicycle parking to support low-emissions living

Wellness Begins at Home

- Natural ventilation for residential lobbies above the second level
- Low-Volatile Organic Compound (VOC) paints and adhesives for healthier indoor air
- Tranquil green spaces thoughtfully designed for relaxation and mental wellness
- Social spaces — from pavilions and a community garden to Opus Club — offer opportunities for interaction among residents
- Inclusive access thoughtfully designed across all community spaces

Shaped by Wind, Light and Shade

- Recognised with a BCA GoldPlus rating for reducing solar heat gain through thoughtful facade design
- Designed with airflow in mind for cooler, naturally ventilated interiors
- Shaded balconies and trellises reduce heat and keep interiors cooler

Redefining World-Class Luxury Living

With over a century of combined real estate expertise, Frasers Property and Sekisui House mark their longstanding partnership with The Robertson Opus — a world-class integrated waterfront residential and lifestyle destination in Singapore’s coveted District 9. Designed to redefine opulence and sophistication, The Robertson Opus exemplifies the synergy between two leading developers, backed by the excellence of their portfolios.

Since 2011, Frasers Property and Sekisui House have delivered notable residential and mixed-use projects across Singapore and Australia, setting benchmarks for sustainable, timeless, and thoughtful design.

Frasers Property is a multinational investor-developer-manager with a diverse portfolio spanning commercial and business parks, hospitality, industrial and logistics, residential and retail. Operating across Southeast Asia, Australia, the EU, the UK and China, its hospitality arm owns and/or operates serviced apartments and hotels in 20 countries. Committed to inspiring experiences and creating places for good, Frasers Property has a strong track record in development management and expertise, having delivered more than 130,000 homes across geographies, including over 23,000 quality homes in Singapore alone.

Sekisui House, one of Japan’s largest homebuilders, has built more than 2.7 million homes globally since 1960. Renowned for its integrated real estate and construction expertise, it builds lasting communities guided by its “Love of Humanity” philosophy — designing homes that offer comfort, security and harmony with the environment. It has expanded into several markets and now operates in the United States, Australia and Singapore.
